

BC BIKE RACE 2016 RACE RULES

The BC Bike Race (BCBR) is a multi-stage cross-country mountain bike event in which competitors are expected to be self-sufficient during the course of each stage. Participants in BCBR undertake this challenge with the expectation that they understand and accept this principle.

The rules outlined below are designed to ensure the safety of racers, support the fundamental concept of fair play, and maintain the overall integrity of the race itself.

1. Racers

- 1.1. Minimum age of participation is 19 years on the day the race starts.
- 1.2. Racers must be in good health and well trained.
 - 1.2.1. BCBR does not screen participants.
 - 1.2.2. It is the racer's responsibility to determine if they are fit enough to safely participate.
- 1.3. BCBR is a dangerous wilderness event and racers are responsible for their own safety, agreeing to pay for all costs associated with rescue, medical care, or emergency transportation. As a result, it is recommended that all out-of-province (out-of-country) racers have valid travel and medical insurance to participate in BC Bike Race.

2. Medical

- 2.1. The organizers reserve the right to prevent a racer from continuing the race on recommendation of the medical staff.
- 2.2. Any racers requiring specific personal medications are responsible for supplying and carrying such medication each day while racing.

- 2.2.1. It is recommended a backup set of medication is given to a team member in case primary medications are lost or damaged. If any solo racer is on medication, they are asked to inform Racer Relations.

3. Mandatory Equipment

- 3.1. As per the BCBR Mandatory Gear List.
 - 3.1.1. These items must be considered the bare minimum, and it is strongly recommended that racers ensure that they are fully prepared to deal with emergencies they may encounter.
- 3.2. Prior to registration racers will sign a document that includes an acknowledgement that each racer will carry the items contained in the Mandatory Gear List.
- 3.3. Random checks will occur throughout the race. Racers not able to produce mandatory gear will be subject to a 15 minute time penalty for the first offence, and a 30 minute penalty for the second offense.

4. Bicycles

- 4.1. Only mountain bikes in good working order will be allowed to start the race.
- 4.2. Bikes must be race-ready at the start of each stage, and during the race.
- 4.3. The front number plate must always be securely fitted and visible from the front.
- 4.4. Handlebar ends and handlebar extensions shall be plugged and must not have sharp or jagged edges.
- 4.5. Maintenance of bicycles during the race is the responsibility of each racer.
- 4.6. Any components or equipment may be changed, swapped or repaired during the race but a racer must complete the race with the same number plate with which they started the race.
- 4.7. In all cases of maintenance and repair during a stage, racers are still required to complete the full provided distance of the stage with their bikes and within the time allowed.
- 4.8. Bike repair services are available from the BC Bike Race technical service partners in the tech zone at each stage finish.

5. Helmets and Clothing

- 5.1. A racer not wearing a helmet at any stage of the race will be disqualified.
- 5.2. All helmets must comply with international 'ANSI', 'SNELL' standards.
- 5.3. Appropriate riding attire, including a shirt, must be worn at all times.
- 5.4. Eye protection is strongly recommended.
- 5.5. Fully-enclosed footwear is recommended.
- 5.6. No headphones or other audio devices will be allowed to be used during the race. This is for safety reasons.

6. Nutrition and Hydration

- 6.1. Racers retain the ultimate responsibility to carry enough water and nutrition with them for each stage.
- 6.2. The BC Bike Race organization will provide water at Aid Stations on the route. This water is for drinking only.

7. Racer Check-In and Mandatory Meeting

- 7.1. Racer Registration and Check-in will be open two days prior to the race start.
- 7.2. A mandatory Racer Briefing will take place on the day before the race starts. By this time, all racers must be checked in. No late check-ins will be accepted.

8. Racer Identification

- 8.1. All racers must display all issued race numbers at all times during the stage.
- 8.2. Bike number plates must be firmly fixed on the front of the bike, and must not be obscured by cables or any other item.
- 8.3. Race numbers must be pinned on the back of each racer's jersey or backpack.
- 8.4. Race numbers and bike number plates may not be altered or mutilated in any way, including cutting, adding stickers, removing existing stickers or trimming. Violation of this rule will result in a 1hr time penalty.
- 8.5. Race leaders are obliged to wear the leader jerseys.
- 8.6. A racer's sponsor badge/logo fixed on any leader jersey must not cover or obscure the existing BCBR branding and sponsors' logos.
- 8.7. Racers not displaying their race number properly and clearly will be warned and following a second offence will be given a time penalty of 30 minutes. Subsequent offences will be punished at the discretion of the Management Team.

9. Start

- 9.1. Only bicycles with official BC Bike Race plates will be permitted in the start chutes.
- 9.2. The start chutes open 30 minutes before the start of each stage.
- 9.3. Differential start zones will be allocated according to overall ranking in the race (with the exception of Day One where racers will self-seed themselves)
- 9.4. The top 3 in each category will have the option to start from the first row, if present at the start line no later than 10 minutes before the start of the stage.
- 9.5. The seeded starting zones will close 10 minutes before the stage start.
- 9.6. There are no in and out privileges in the start zone.
- 9.7. Racers that are not in their start zones 10 minutes before the start will be required to start in the last zone.
- 9.8. Biking around Start Lines will only be allowed in designated areas. We have multiple starts in busy ferry terminals, beside major highways, and in bike-restricted zones. On these days, there will be a neutral, rolling start or a designated area enabling riders to warm up before reaching the trails. This rule is for safety purposes and riders will be subject to a 30 minute time penalty for their first offence and disqualification for their second offence.

10. Route and Stages

- 10.1. Racers must complete the full designated route and provided* distance of all stages (*provided distance is a safety feature allowable at Course Directors discretion to activate a gate, bringing people home. The participant then is considered having done the full 'Provided Distance' and will still qualify for the full finisher medal).
- 10.2. Only racers who complete all seven stages within allocated times will be considered BC Bike Race Finishers.
- 10.3. Racers who do not complete seven stages will be considered BC Bike Race Participants.

11. Race Timing

- 11.1. Individual and Team racer times will be advertised, including time penalties. Awards will be based off of stage times.
- 11.2. Team's stage time is determined by the recorded time of the final team member to cross the line. The recorded time includes the individual racer's stage time, plus applicable penalties.
- 11.3. Timing will start with the start gun each morning.

- 11.4. Any racer who cannot make the race start must report to the Director of Racer Relations within 5 minutes of the start gun to request approval for a late start or an alternate method of entry to the course so that BC Bike Race can inform the Safety Team and Aid Stations. Time penalties may be assessed.
- 11.5. No racer is allowed to start late without approval. If no approval for a late start has been given the racer will be considered a DNS (did not start), hence receive no stage result and not qualify as a race finisher.
- 11.6. The finish cut-off time will not be adjusted for racers who are permitted a late start.

12. Finish, Cutoff Times and Out of Race

- 12.1. Cutoff Times are in place for the safety of the racers and the BCBR staff.
- 12.2. Cutoff Times may be modified for all racers in the event of extreme conditions, or course damage.
- 12.3. Racers who do not arrive prior to a designated cut off time will be considered NOR (Not Officially Ranked), unless they are redirected by the Course Director. If a complete team does not arrive prior to a designated cutoff time, the team will be considered NOR.
- 12.4. Racers not making the cutoff times or who do not reach the finish line under their own power will have their bike plates removed. Any racer defined as NOR will have their bike plate removed once they are off the course for the day.
- 12.5. If this happens at an aid station, the NOR racer may be restricted from continuing further, and transportation may be provided back to the finish by BCBR staff. All effort will be made to transport such racers and their bikes to the final stage finish at their own cost.
- 12.6. If a racer is permitted to continue to the finish, they must check in the Racer Relations Office immediately after crossing the finish line to have their plates removed.
- 12.7. NOR racers are required to check in at the Racer Relations Office to indicate their intentions for the following day.
- 12.8. Racers wishing to race on another day must report to the Racer Relations Office to acquire a blue plate.
- 12.9. Blue plated racers are permitted to race all remaining days as long as they reach aid stations and finish lines by the posted daily cutoff times. They are still eligible for daily awards if riding in the category they started the event in, but not for overall awards.
- 12.10. If a blue plated racer does not make a second cutoff on a subsequent day, their plate will again be removed once they are off the course for the day.
- 12.11. When they reach the base camp, they must again check in with Racer Relations to declare their intentions for the following day.
- 12.12. If they still wish to race, they must be checked by the Medical Team in order to be allowed onto the course.
- 12.13. For results: Any Time Penalties issued that put a racer or team past the cutoff times will not result in NOR status.
- 12.14. Racers may also have their plates removed by the Medical Team if they are deemed to be incapable of finishing the day.
- 12.15. If a racer cannot or will not continue the race on subsequent days for whatever reason, they must report to the Racer Relations Office and follow the guidelines provided by Racer Relations.
- 12.16. Racers finishing on Day 7 with a Blue Plate will continue through the finish chute but will not be considered an Official Finisher of the BC Bike Race.
- 12.17. Stage winners and overall category leaders must be present at the daily awards ceremony, including the final ceremony. Absence may result in time penalties. Racers will be advised daily of any changes to the awards ceremony start times.

13. Split Teams

If one team member succumbs to injury or mechanical failure and the team decides that the other racer should carry on, then a number of things happen:

- 13.1. Eliminated racers must be made safe and brought to attention of BCBR Team for extraction.
- 13.2. In the event of a racer subjected to a head injury, the partner of the injured racer (or in the instance of a solo racer, a competitor who witnessed the incident) must stay with the injured racer until the injured racer is deemed fit to make decisions on his or her own (all lost time will be credited).
- 13.3. In the event that a racer has been commandeered to assist the medical team with an emergency situation, that racer will not be subjected to time penalties that would result in his or her eligibility to be considered an Official Finisher of the BC Bike Race.
- 13.4. Continuing racer will then be considered a solo rider and must meet cutoffs to be eligible for BCBR Finishers Awards.
- 13.5. Upon completion of race day, both team members (if possible) must visit Racer Relations to declare next day intentions.
- 13.6. Upon completion of the event, all racers will receive BCBR Finisher Awards unless they have been issued a blue plate. Racers who have been issued a blue plate will receive a BCBR Participant Award.

14. Traffic Regulations

- 14.1. BC Bike Race will not have exclusive use of any public roads, paths or trails during the race.
- 14.2. All regular traffic regulations must be observed at all times during the race, unless a uniformed RCMP officer directs racers otherwise.
- 14.3. Instructions of marshals and local authorities must be strictly followed.
- 14.4. Racers who do not obey the traffic regulations or who endanger others will be warned and following a second offence will be given a time penalty of 30 minutes. Subsequent offences will be punished at the discretion of the Management Team.

15. Checkpoints

- 15.1. In each stage there will be mandatory checkpoints at Aid Stations.
- 15.2. Racers must walk their bikes through all Aid Stations.
- 15.3. It is the responsibility of the racers to make sure they have been checked in.
- 15.4. Racers that do not ensure they are checked in at the checkpoints will be disqualified.
- 15.5. The locations of Aid Stations will be published.
- 15.6. All team members must be within two minutes of each other at all checkpoints, including the finish line, otherwise the follow penalties can apply.
 - 15.6.1. First offense – 15 minute team time penalty.
 - 15.6.2. Second offense – 60 minute team time penalty.
 - 15.6.3. Third offense – at discretion of Management Team, but disqualification is an option.
- 15.7. The above mentioned two minute rule can and will be checked at random at or between any checkpoint on the course.

16. Ethical, Environmental and Fires

- 16.1. Alcohol and Drug use within the BC Bike Race is subject to the laws of British Columbia and or any municipal laws that may come into effect within each township.
- 16.2. No littering or unnecessary damage to the environment will be tolerated. Any offence will lead to time penalties or disqualification.
- 16.3. Neither fires nor smoking will be permitted on course at any time. Racers violating this rule will be disqualified.
- 16.4. No open flames will be permitted at any of the Base Camp locations.

17. Support Vehicles and Support Staff

- 17.1. Support Staff/Teams may not sell services or goods at basecamp or any other area associate with BC Bike Race including parking lots and camping areas unless previously approved.
- 17.2. No outside assistance is permitted with the exception of during the neutral rolling starts. Outside assistance is only permitted at the designated BCBR Aid Stations by BCBR Staff.
- 17.3. Outside assistance includes bike maintenance, nutrition support and physically aiding racers.
- 17.4. No towing or pushing is allowed except in cases of emergency and this will be subject to the Director of Racer Relations' call. Time penalties may be applied.
- 17.5. Bike repairs may be performed on the route by the racers but without obstructing other racers.
- 17.6. Neutral feeding and watering will be supplied by the race organization at designated Aid Stations.
- 17.7. Racers are not allowed to draft behind other racers who are not participating in BCBR, but may draft their own team partner or other racers taking part the event.
- 17.8. No other form of drafting is permitted whatsoever including, but not limited to, private vehicles, motorcycles and trucks.
- 17.9. Specific escort or support vehicles not provided by the BC Bike Race organizers are not permitted to follow the race route. However, supporters may drive their own vehicles along public roads to reach vantage points to vocally support racers. Some sections of the course will be closed to all non-event traffic, including public roads. Their closures must be respected by all.
- 17.10. A racer whose supporters follow the route will receive a time penalty of 1 hour and on second offence will be disqualified.
- 17.11. A racer whose supporters take a ferry they have been instructed NOT to use will be disqualified. Please refer to the Support Team Guidelines document for this information.
- 17.12. Support Vehicles and Support Staff not adhering to the Rules will have their racers penalized by 1 hour and may result in disqualification – subject to the Director of Racer Relations' decision.

18. Withdrawals and Partner Changing

- 18.1. Teams or racers that cannot continue the race, for whatever reason, must immediately inform the Racer Relations Office. This can be done at the race start and finish.
- 18.2. In the event of a search and rescue operation being initiated for a racer that has withdrawn, but has not informed the Racer Relations Office, the cost of the search and rescue will be the responsibility of the racer and the racer will be prohibited to race in BC Bike Race again.
- 18.3. Separated teams will not qualify for team ranking, but individual racers will qualify as finishers, on condition that they complete all stages.

19. Evacuations

- 19.1. It is up to any medical staff and/or moto and/or medical director to decide the most appropriate method of extraction.
- 19.2. Racers are responsible for the extraction (logistics and cost) of their bicycles and gear, but the BC Bike Race staff may assist where possible.
- 19.3. BC Bike Race cannot accept responsibility for racer gear that is left behind as a result of an extraction. Only injured or ill patients will be extracted. Uninjured members will continue on to finish.
- 19.4. In the event that a racer has been commandeered to assist the medical team with an emergency situation, that racer will not be subjected to time penalties that would result in his or her eligibility to be considered an Official Finisher of the BC Bike Race.
- 19.5. Any racer extracted from the course must report to the Racer Relations office when capable of doing so.

- 19.6. All uninjured racers involved in an extraction must report to or contact the Racer Relations office (604-842-5609) with all due haste to minimize the extent of a Lost Racer Search & Rescue Operation.
- 19.7. Racers who voluntarily leave the course without notifying Racer Relations within 4 hours of departure are subject to paying for the cost of a Search & Rescue Operation.

20. Protests

- 20.1. Any protests must be submitted in writing to the Racer Relations Office after the racer has crossed the finish line, and within the allocated time period see section 20.4 and 20.5.
- 20.2. A deposit of \$25 CND must accompany any protest, before the protest will be considered.
- 20.3. All protest deposits will be forfeited and used for local trail development.
- 20.4. Race protests must be submitted within 15 minutes of the racer crossing the finish line.
- 20.5. Result protests must be submitted within 15 minutes of the results being posted.

21. Doping

- 21.1. BC Bike Race reserves the right to conduct doping tests on all racers.
- 21.2. Positive results will lead to disqualification from the event, and those results will be forwarded to the national cycling federations.

22. Disqualification and Penalties

- 22.1. Racers may be disqualified at the discretion of the Racer Relations Office for any one or more of the following reasons including, but not limited to:
 - 22.1.1. Riding at any point on any stage without a helmet
 - 22.1.2. Littering
 - 22.1.3. Disrespect of or damage to the environment
 - 22.1.4. Smoking or lighting fires
 - 22.1.5. Bad sportsmanship
 - 22.1.6. Abuse of race officials
 - 22.1.7. Traffic rule violations
 - 22.1.8. Breaking of the BC Bike Race Rules as described above
- 22.2. Time penalties will be applied to stage results and to overall results or general classification.

23. Basic Mountain Bike Racing Rules and Etiquette

- 23.1. Racers must complete the entire provided distance of the race and are responsible for following the official route.
- 23.2. A racer is not permitted to take any shortcuts or to omit a circuit, or take other advantage of a similar nature against opponents.
- 23.3. Racers who exit the route of the course for any reason must return to the course at the exact same point at which they exited.
- 23.4. Any walking, running or riding by a racer, which is carried out without the intention of directly re-joining the course, or other activity in breach of the regulations, which takes place outside of the marked course area, can result in disqualification.
- 23.5. Racers must act in a polite manner at all times and permit any faster racer to overtake without obstructing.
- 23.6. Racers must respect the countryside and ride only on the official route. Racers must avoid polluting the area and not leave any waste or litter.

- 23.7. No glass containers of any kind are permitted on or near the course.
- 23.8. Racers must not use offensive or abusive language during the race, act in an unsporting manner, be disrespectful to the officials, or ignore the race regulations.
- 23.9. Any racer reported for trespassing on private land relating to the route of the BC Bike Race at any time of the year will receive a lifetime ban from riding the race.

24. Discretion of the Director of Racer Relations and Management Committee

- 24.1. Where any additional rule interpretation are required, or where specific provision for any incident has not been made in these rules, the decision of the Director of Racer Relations will be final.
- 24.2. Decisions relating outside the scope of Racer Relations will be decided on by the Management Committee: Local Course Director, Course Management, Racer Relations and a Racer Representative.
